

Neff Kitchen Guide 2022

CREATE. INSPIRE. DELIGHT.

NEFF continues to spark a passion for cooking. Allow yourself to be inspired by our unique features only available from Neff.

TWIST PAD FIRE®

Introducing our intuitive little helper: The TwistPad® Fire is handy finger food for your instinct. Simply touch the illuminated TwistPad® Fire dial lightly to activate the desired cooking zone before you rotate to the power level of your choice.

SLIDE&HIDE®

More than 2 million units already sold: the fully-retractable oven door.

CIRCO THERM®

Cook completely different dishes at one time, using all oven levels, without any intermingling flavours.

DEAR READER,

The moment a freshly sliced onion slips into a hot pan and enticing aromas fill the air with delight is quite simply heavenly for cookaholics. This combination of the familiar and the promising is the basis for our passionate innovations: with Slide&Hide®, the innovative TwistPad Fire® and CircoTherm®, we have been experiencing passionate cookery for over 140 years.

The young blacksmith Carl Neff, who had a great vision at his little forge in Baden-Württemberg in 1877, certainly would have liked this too: his masterfully forged ovens should always serve up a truly satisfying gut feeling, even before the first bite is taken. Today, we would like to celebrate over 140 years of NEFF tradition with you in Carl Neff's spirit: Cooking inspires people. People inspire us.

We wish you passionate cooking pleasure with our catalogue.
